Dear Mrs Mauley

No doubt you'll be wondering what I am doing in Baltimore, well since I've been here I've wondered myself - but as usual necessity at times will make us do most anything honorable. I've been here a week trying to get a job at the Edgewood Arsenal or the Baltimore Copper Works but so far I've been unsuccessful. However I am still trying - It's hard work but I don't mind as I must get a job another hold back is you must join the Union which I will i.e. if they can guarantee me a job.

My purpose in writing you is to find out if

He needed a man in his  
office perhaps you may be  
able to influence him  
in giving me a chance since  
I think I am pretty good  
at figures and believe very  
trustworthy at least my  
record with you proves that  
I hope - so if there is a  
possible chance for me  
I hope you will be  
kind enough to intercede  
for me. I can assure you  
it would be very much  
appreciated.

My regards to Mr  
Manly, and Mrs Jacob,  
wishing for you a very  
successful season and  
a championship team

Sincerely  
Eric Selidge

P.S.

Perhaps I'll see you in Phila,  
at the Penn Relays.
